

Dear Friend,

I'm writing on behalf of BUILD Moto Mentor Program, an officially recognized 501c3 program, to request your assistance and support in making BUILD a successful outreach program

Milwaukee is a city steeped in a rich motorcycle culture and motorcycle building history. BUILD supports the development of technical skills needed by today's students, that often no longer available "at school".

BUILD Moto pairs a team of high school students with a motorcycle builder-mentor to learn valuable skills through restoring vintage racing motorcycles. Students not only learn mechanics and fabrication skills, but also project management and design along with an emphasis on building confidence, strong teamwork and interpersonal skills. Teams are judged on design, execution and completion of milestones throughout the build timeline. Recognition comes from the team social media sites, events where they display their restored bikes, and on the race track.

We are requesting your support with a donation or discount of parts or products to be used to support the teams' BUILDS during this year's program. Your consideration, participation, and donation are greatly appreciated.

Sincerely,  
The BUILD Board

### Financial Support Sponsorship Levels

	<b>Exclusive \$5000</b>	<b>Bike Patron \$3,000</b>	<b>Race Patron \$1,000</b>	<b>Sustainer \$500</b>	<b>Supporter \$250</b>
